Standing at: 109 Yarralla Rd, Dalby Q 4405
Contact: Rick Young 0447 734 199, rick.young@mortco.com.au

CONDITIONS:

CHARGES

A Booking Fee of \$250.00 is payable on return of this contract. This booking fee includes one initial collection / cycle fee and is described as a deductible, non refundable deposit. Any further collection or cycle will be charged at \$250.00.

For a natural service the booking fee is paid to the breeding centre. For chilled semen the booking fee is paid to the collection centre / vet and must be paid prior to collection.

An invoice for the remainder of the service fee will be generated upon notification of a positive pregnancy test or at 25 days after breeding / insemination. Mare owners must notify the Breeding Centre of the results of a pregnancy examination by no more than 25 days after the mare was bred / inseminated. The mare will be considered to be in foal if no notification is received within 25 days. There will be no return of fees once paid, however the live foal guarantee remains.

The Service Fee does not include vet fees, drugs, agistment or any other costs incurred by the breeding centre during the mares / progeny's stay.

The Breeding Centre and / or Stallion owner claims a lien over the mare and any progeny of the service in respect of unpaid debts owed by the mare owner to the Breeding Centre or Stallion Owner. This lien may be exercised without warning if any debt relating to this contract remains unpaid ninety days after the invoice date.

If the said stallions becomes unavailable for any reason whatsoever prior to serving the said mare this contract will, at the option of the stallion manager, immediately terminate, but the mare owner shall continue to be responsible for payment to the Breeding Centre for all expenses incurred by the Breeding Centre on behalf of the mare owner. The stallion service fee (less the handling fee) will be refunded and the parties to this agreement will be released from any further liability.

Mares Residing at the Breeding Centre and Walk on Mares.

The stallion is available for walk-on mares. PLEASE BE AWARE THAT WE PREFER WALK ON MARES – ie mares are cycling, scanned, ready to be served and taken home.

Mare owners will be charged on a per cycle basis.

Mares Requiring Chilled Shipped Semen

For chilled shipped semen the Collection Centre requires 24 hours notice of when semen will be required and accurate shipping details by fax / email.

Semen collection for chilled shipped semen will be charged at \$250.00 per collection & must be paid to the collection centre before semen collection. A \$77.00 stallion handling / transport fee is payable to Rick Young and is not deductible from the service fee.

Shipping transport fees for chilled semen are the responsibility of the mare owner and must be paid prior to the semen shipment. The Breeding Centre will organise shipment to the major city nearest to the mare owner. A fee of \$77.00 may be charged for transporting the semen to Toowoomba if a special trip has to be made.

Remaining courier fees are according to the transport company chosen. Please be aware that courier fees are determined by the freight companies, not by the Breeding Centre. Also be aware that courier services for weekend deliveries (NT, Australian Air Express, etc) may not be available from Toowoomba.

Summary of fees

	Payable to Breeding / Collection Centre (deductible)	Payable to Owner	Other Possible Fees: Not deductible
Residing at Breeding Centre or Walk on Mares	Cycle fee / deposit: \$250.00. Paid to Rick Young.	Marnie - \$2250.00, Bradman - \$1070.00 Duke - \$850.00	Agistment, vet fees, drugs, etc

Agistment – Mare & foal fed hay	\$15.00 (plus GST)		Fees may change depending on supply or breeding centre
Agistment – Mare & foal fed ration	\$19.00 (plus GST)		Fees may change depending on supply or breeding centre

OTHER CONDITIONS FOR ALL MARES

The mare is entitled to a free return to the said stallion if the foal dies within 24 hours of foaling or if the foal is stillborn, in both cases to be certified by a practising veterinary surgeon. The free return is only applicable to the year immediately following the service of the said stallion and full payment of the original service fee is paid. An additional collection / handling fee will be charged.

The Breeding Centre has the right to perform any vaccinations, parasite treatments, veterinary treatments or arrange farrier treatment as required. Costs for these services will be the responsibility of the mare owner.

Every effort will be made to ensure that the chilled shipped semen arrives in the best possible condition and at the agreed time as stated by the freight company. We are, however, powerless if the freight company loses the semen or fails to deliver to the agreed place. We can accept no responsibility for such losses and reserve the right to repeat collection and freight fees if required. Negotiations between the mare owners and the freight company will not be our responsibility in such cases.

The Breeding Centre reserves the right to refuse service to any mare at their discretion: - poor condition, diseased, unable to be safely handled, dangerous to stallion or handlers, etc.

The mare owner agrees that their mare may be hobbled / restrained for safety.

Owners wishing to have their mares covered by natural service may be required to provide a uterine swab certificate from the oestrus in which she is to be bred stating that the mare does not carry any significant infections that may be transmitted to the stallion.

All due care of the mare (and her foal) will be exercised at all times. However, the breeding centre and staff take no responsibility for injury, sickness, disease or death of any mare or foal whilst in their care. The mare owner realises this and indemnifies the Breeding Centre and stallion owner against all claims, costs and liabilities in the connection with any accident, illness or disease to the mare and / or her foal.

Mares must be accompanied by the ASHS and / or AQHA Certificate of Registration. **Breeding certificates will not be issued if all mare details are not supplied.**

PLEASE BE AWARE THAT WE PREFER AND RECOMMEND THAT EVERY MARE IS SCANNED PRIOR TO ARRIVAL AT THE BREEDING CENTRE.
